### Working bee and renovations

During the off-season Yalara's board of directors has been hard at work making improvements to the lodge (pictured above with a dusting of snow in early May). It underwent a thorough clean during the annual working bee in March and other work is underway, including a new ensuite bathroom in room seven and renovations to the ladies' bathroom, room eight bathroom and airlock bathroom downstairs. Part of the verandah railing has also been replaced, with an engineer now drawing up plans for a new one. Stay tuned!

### New fridges

We are pleased to announce that Yalara has new fridges in the kitchen! The new appliances are similar to the old ones, with the same number of shelves, but are more environmentally-friendly.

### Cleaner

A professional cleaner is usually employed to clean communal areas including the lounge room, kitchen, shared bathrooms and games room once a week from the July school holidays until mid-September, however guests are also expected to keep these areas clean and tidy throughout the week. They may also be asked by the elected house captain to perform additional duties, such as cleaning windows, vacuuming communal areas and clearing snow around emergency exit points. It is extremely important that guests follow these directions, particularly when it concerns safety. Outside peak season there is no cleaner employed, and it is crucial that guests leave the lodge spotless during this period for the comfort of future guests. This allows us to keep the rates at Yalara low.

### Updating contact details

Yalara secretary Andrew Frater is currently updating our member contact list. If you have not done so recently, please email him at [secretary@yalara.com.au](mailto:secretary@yalara.com.au) with your best email address, mobile phone number and postal address. Please also remember to let him know if these details change in the future.

### New venue for 2018 AGM

Yalara's AGM will be held at the Hunters Hill Club at 12pm on Sunday May 20.

We decided to try a new venue in an attempt to entice more members to attend, and hope as many as possible stick around for lunch and a social game of bowls after the meeting is over.

It is vital that we get a quorum for the meeting, so please come and support your club!
