### Working bee success!

A dedicated group of Yalara members and friends spent a weekend at the lodge in early March cleaning and doing other jobs, including painting, installing new benches on the verandah (made from the original wood used to build the lodge!), replacing the double bed mattress in room 7 and installing a new stormwater drain near Blue's Room. There are plans for further work this year, including repairs to the dishwasher, installing new lino in the kitchen at the end of the season and extending the fire stairs at the end of the lodge to the road, which should mean less digging for members and guests during heavy snowstorms! The roof has also been repainted.

### Strong bookings

It's looking like another great year at Yalara, with strong forward bookings, especially during the July school holidays. Demand is so strong for the second week we have had to

go to a ballot for the first time in many years. Our new booking manager Nicola Moran is working hard to accommodate all requests.

### New Leichhardt Quad Chair

Perisher will welcome a new \$4.2 million quad chair this season, replacing the Leichhardt t-bar. The new chair will increase lift capacity by 75 per cent. It will have the same conveyor load system as the Freedom Quad Chairlift in Guthega, making the loading process easy for all guests. Snowmaking machines will also be installed from the bottom of Happy Valley T-bar through to the load of the new chairlift.

### Shares for sale

There are three Yalara shares for sale at the moment for \$4,100 each. Junior shares are also available. For details email [secretary@yalara.com.au](mailto:secretary@yalara.com.au) or call 0414 937 348.
