### New television

With the London Olympics coming up and the switch to digital TV taking place this year there are plans to buy a new television and Blu Ray DIVD player for Yalara before the ski season commences.

### Perisher fire station closure

*Lodges in Perisher have united to oppose the proposed closure of Perisher fire station during summer. There are plans to close the station between December and June, with firefighters having to travel from Jindabyne in the case of an emergency. There are concerns this could lead to a sharp rise in insurance premiums for lodges. Stay tuned for further updates on this issue throughout the year.*
