Longest season on record!

It was another great season at Perisher, with some big snowstorms throughout winter culminating in the longest season on record. The natural snow depth at Spencers Creek hit 2.25 metres, leading the resort to extend the season until the end of the NSW school holidays on October 13. Booking manager Nicola Moran was kept extremely busy throughout the season with strong demand from members and guests, particularly during the July school holidays. We are also looking at introducing a new online booking system which will help streamline the process and make things easier for all. Stay tuned for more info!

Working bee in March

Want to do your bit to help out at the lodge? We are looking for volunteers to come to the lodge the first weekend in March (March 6 and 7) to help with odd jobs such as cleaning and painting. If you are

available and interested please contact president Martin Hardy on 0434 050 843 or email him at martin.hardy@det.nsw.edu.au

Planned projects

Lodge manager Ray Northwood has been busy as usual working on upgrades to the lodge. He is currently focusing on several projects. The first is gaining regulatory approval to extend the rear fire escape. There are also plans to build a wall with a stone façade under the verandah to create a new storage area for modern ski lockers. The vinyl flooring in the kitchen is being replaced in the off-season, along with efforts to boost the power of the internet. We are all hugely indebted to Ray for his tireless work!

Vale Kevin Hardy

We are sad to share the news of the passing of Yalara founding and life member, Kevin Hardy, who succumbed to cancer in October. Kevin was the father of the club's current president Martin Hardy, Clinton Hardy and Michelle Nicholas, and a doting grandfather.

He was a great storyteller who will be very missed at the lodge. Kevin contributed greatly to Yalara over the decades, including many photos and stories for our 50th anniversary book. His legacy lives on.
